“ *What a great person Georgie was! We became fast friends in the early 1980's and her daughter Julie too.*

Ross and I moved to Florida in 2010 but we all kept in touch. Rest in peace, girl. We will miss you.

*Always in our prayers,

“ *We have known George Ann for many years and in many capacities. First from early years at Church of the Epiphany, from ball playing years at Tom Sawyer Park, from years of bridge playing with Joyce, from her days of accompanying her granddaughter for orthodontic appointments with John, and especially from her nursing our first granddaughter into life at Norton Hospital 30 years ago. She was an important and loved person in countless lives, and hers was a life well-lived. We regret that because we are abiding by covid-19 restrictions, we will not be able to attend the goodbye mass for George Ann, but we send peace-giving energy to her entire family and pray for courage as you journey through the coming days. “ *George Ann was so much fun to be around. We played bridge with George Ann and Russel for several years when they lived on Peyton Ln. I played bridge with her at Owl Creek and several other groups. We will keep her and your family in our prayers.

“ Memories of George Ann will always be joyful. That infectious laugh could be recognized across any room. She told ordinary stories with such wonderful humor....always fun at the bridge table. She was a very special lady that we loved....always had a book waiting for me.
Please know we share your sorrow. She will be missed.

*With sincere sympathy.
