“ Miss SANFORD!!! (spoken in a Savannah, GA accent!) - You were always one of a kind & a dear, dear friend of my parents Ed & Dorothy Pile. As our families grew up together since the 1950's, following the yellow brick road of Hotpoint/General Electric, there was never a Christmas or Thanksgiving that we didn't spend together. You never seemed to age & always carried that beautiful southern charm & hospitality. I always enjoyed visiting you in Louisville when I had college breaks so many years ago.

My Mom said that she would get the party started when she preceded you in her passing a few years ago. I know you, Mr. Sanford & my Mom & Dad are once again delighting in each other's company now that you're all together once again. Your memory & family friendship will live on always. On to a new glorious adventure, y'all!

“ Sally, Craig, Ellen and Ship,
I join Nancy in expressing heartfelt sentiment for your loss. She's spoken so beautifully of our families' long history together, I celebrate our shared history and wish us all continued good health and happiness. Your Mom was surely one of a kind.
