“ It is hard to imagine McCready Avenue without Stuart. He was a good friend and neighbor, always there with a friendly hello and willing to help out with anything, especially the yard, the lawn mower or the weed eater! We enjoyed chatting with him when he was out walking the dogs or just hanging out in the back yard. He was so proud of his Christmas lights and yard display. It was getting bigger and better every year, and we looked forward to seeing what new item he would add to the collection. We will miss him.

With deepest sympathy for Petey and family,

Kevin, Susan and Ellie Borders

“ When we first moved into our house in 1990, we met Stuart when he was crushing cans in his garage late that night. Thus started a long time relationship with one of the most generous people we've ever known. Stuart was always willing to lend a hand to my husband and me. During the summer, Stuart would mow lawns and talk about how hot it was outside! When working on my yard, Stuart said “when you have a house, there's always something (to do)!” Stuart loved his dogs and was a caring individual. He loved our dogs, too. Stuart took his brother-in-law's death hard. He came over to me once crying telling me how much he missed Bill. He then said how much he love my husband and me and said “ you know I'd do anything for you.” That's the kind of person he was. The neighborhood won't be the same. We will miss you Stuart.
